ACQUISITION OF 7% STAKE IN ROSBANK

Societe Generale announces the acquisition of 7 % of Rosbank’s share capital from Interros group, raising its stake to 99.4 %, in line with its strategy of building up the Group’s stake in Rosbank.

This transaction has a limited impact of a few basis points on the Group’s Common Equity Tier 1 ratio.

Societe Generale’s commitment to Russia is part of a long term vision based on the belief that economic ties between Europe and Russia will strengthen and that the Russian banking sector has a strong growth potential.

Rosbank’s credit outstandings represent approximately 3.5 % of Societe Generale group’s total credit outstandings as of December 31, 2013, and do not include exposure to Ukraine. In addition, Societe Generale Group reminds that its exposure to Ukraine is extremely limited.

Societe Generale: 150 years

In 2014, Societe Generale Group celebrates its 150th anniversary with a focus on entrepreneurial spirit, innovation and team spirit. Founded by a group of industrialists and financiers, the bank’s very name illustrated their ambition: “Société Générale pour favoriser le développement du commerce et de l’industrie en France” (“Societe Generale to support the development of trade and industry in France”), as written into the Imperial decree signed by Napoléon III on 4 May 1864.

Societe Generale has always served economic development, contributing to the financing of infrastructures that symbolised the modern world and of leading French groups. Societe Generale was among the first French banks to open branches in London and in Russia in the 1870s, before expanding into the Maghreb, New York and Africa and to set up operations in Central European countries.

Societe Generale has always been at the cutting edge of financial innovation, and takes strength from its origins to assert its banking vision for the future, reinvent its businesses to serve its clients and become the reference bank of the 21st century.
