

Erratum dated 6 August 2020 on answer to the written question n°2 of Mr Pierre-Yves Grimaud

Question n°2 from Mr. Pierre-Yves Grimaud, individual shareholder (question submitted by e-mail on 20 April 2020):

The €11,988 billion in outstanding trading derivatives as at 31 December 2019 must represent an extremely large number of contracts: exactly how many contracts are we talking about here?

Answer given by the Board of Directors:

By our count, as at 31 December 2019, there were 53,557 transactions with a total notional amount of around €7,286* billion (EUR-equivalent value at 29/04).

** The version of these answers to the written questions of shareholders published on the day of the Shareholders' Meeting erroneously mentioned €70,000 billion.*
