SOCIETE GENERALE
BANK OF AMERICA MERRILL LYNCH
BANKING AND INSURANCE CONFERENCE
Séverin Cabannes, Deputy CEO

26 SEPTEMBER 2012
DISCLAIMER

This document may contain a number of forecasts and comments relating to the targets and strategies of the Société Générale Group. These forecasts are based on a series of assumptions, both general and specific, notably - unless specified otherwise - the application of accounting principles and methods in accordance with IFRS (International Financial Reporting Standards) as adopted in the European Union, as well as the application of existing prudential regulations.

This information was developed from scenarios based on a number of economic assumptions for a given competitive and regulatory environment. The Group may be unable:

- to anticipate all the risks, uncertainties or other factors likely to affect its business and to appraise their potential consequences;
- to evaluate precisely the extent to which the occurrence of a risk or a combination of risks could cause actual results to differ materially from those provided in this presentation.

There is a risk that these projections will not be met. Investors are advised to take into account factors of uncertainty and risk likely to impact the operations of the Group when basing their investment decisions on information provided in this document.

Unless otherwise specified, the sources for the rankings are internal.

The Group’s condensed consolidated accounts at 30 June 2012 thus prepared were examined by the Board of Directors on 31 July 2012. The Statutory Auditors’ limited review of the condensed consolidated financial statements is currently underway.

The financial information presented for the six-month period ending 30 June 2012 has been prepared in accordance with IFRS as adopted in the European Union and applicable at this date. In particular, the condensed consolidated half-yearly accounts were prepared and presented in accordance with IAS 34 “Interim Financial Reporting”.

- Significant balance sheet transformation
- Actions on costs delivering first results
- Business asset disposals announced or being discussed

♫ Successful acceleration of our transformation plan

Solid universal banking model

- Strengthened financial profile
- Resilient earnings: underlying* Group Net Income of EUR 2.0bn in H1 12
- Low exposure to peripheral euro-zone countries
- High quality core franchises, adapting swiftly to the new environment

♫ Strong foundations for future growth

* Excluding legacy assets, non economic and non recurring items
STRONG, STEADY PROGRESS TOWARDS BASEL 3 CAPITAL OBJECTIVE

- 9.9% Basel 2.5 Core Tier 1 ratio as of end-June 2012

- Solid earnings generation and strict RWA control
  - More than 70% of 2011-2013 SG CIB RWA deleveraging objective secured

- Confirmed capacity to reach a Basel 3 Core Tier 1 ratio of 9.0-9.5% at end 2013 through:
  - Resilient business revenue, cost containment
  - Continued deleveraging, mainly through further actions on legacy portfolio
  - Business asset disposals:
    - Announced sale of TCW: expected to boost Basel 3 pro-forma Core Tier 1 ratio by 13bps upon closing
    - Ongoing discussions with Piraeus Bank for a potential sale of Geniki
    - Expression of interest received from QNB for the potential acquisition of Societe Generale’s Egyptian subsidiary NSGB

FRENCH NETWORKS

SOLID AND ATTRACTIVE FRANCHISE

- Sound French banking market driven by:
  - Favourable demographic trends
  - Good market characteristics: low household and corporate leverage, high savings rate, low cyclicality of the French economy

- French networks benefiting from competitive advantages:
  - Third largest network in France by size of revenues
  - Three complementary brands covering a broad spectrum of customer segments
  - Well positioned in highest potential regions of France
  - Wealthier and younger customers than market average

- Historically, Net Banking Income has increased faster than nominal GDP and peers

- Future NBI growth to be supported by resilient Gross Interest Margin:
  - Ongoing loan repricing
  - Further loan to deposit ratio improvement
FRENCH NETWORKS

FOCUS ON COST AND CREDIT QUALITY

- Ongoing cost rationalisation in French networks
  - First cost savings from Shared Information System programme “Convergence” paving the way for future productivity gains

- Home loan credit quality supported by conservative origination criteria:
  - Loan amounts based on the repayment capacity of borrowers, not on property values
  - 97%* are guaranteed (Crédit Logement, …)
  - 89%* of home loans are fixed rate and floating rates are usually capped

- Corporate loans: resilient evolution in cost of risk despite turbulent economic environment
  - Prudent loan origination
  - Quality of guarantee taken
  - Client liquidity situation remains healthy

We have delivered on our promises: our balance sheet, liquidity and capital situation have been significantly strengthened.

Our business franchises have shown good resilience in the crisis.

We are prepared for an environment that will remain challenging.

We will continue our efforts to transform the Group through deleveraging, business asset disposals and actions on costs.

We have solid foundations for long term profitable growth:

- French networks: low risk and dynamic franchise
- International retail banking: valuable source of long term growth
- SG CIB: top Eurozone player in a disintermediated environment

Well positioned to compete in the new environment.
