As part of our audit mission, we have audited of the annual accounts of your company for the year ended December 31, 2024. Our audit, conducted in accordance with professional standards applicable in France, aimed to express an opinion on the annual accounts as a whole, and not on specific elements of these accounts used to determine the total amount of remuneration paid to the highest paid persons. Consequently, we did not perform our audit tests and surveys for this purpose and do not express any opinion on these elements taken individually.

We have carried out the procedures we deemed necessary in accordance with the professional doctrine of the National Company of Auditors (*Compagnie nationale des commissaires aux comptes*) regarding this mission. These procedures, which do not constitute an audit or a limited review, consisted of making the necessary reconciliations between the total amount of remuneration paid to the highest paid persons and the accounting records from which it originates and verifying that it matches the elements used as the basis for the preparation of the annual accounts for the year ended December 31, 2024.

Based on our work, we have no observations to make on the consistency of the total amount of remuneration paid to the highest paid persons stated in the attached document, amounting to €20,673,695, with the accounting records used as the basis for the preparation of the annual accounts for the year ended December 31, 2024.
