SECOND QUARTER AND FIRST HALF 2009 RESULTS

Disclaimer

The following presentation contains a number of forward-looking statements relating to Societe Generale's targets and strategy. These forecasts are based on a series of assumptions, both general and specific. As a result, there is a risk that these projections will not be met. Readers are therefore advised not to rely on these figures more than is justified as the Group's future results are liable to be affected by a number of factors and may therefore differ from current estimates. Readers should take into account elements of uncertainty and risk when basing their investment decisions on information provided in this presentation. Neither Societe Generale nor its representatives shall have any liability whatsoever for any loss arising from any use of this presentation or its contents or otherwise arising in connection with this presentation or any other information or material discussed.

The consolidated half-yearly income statements at June 30th 2009 and the comparative information thus prepared have undergone a limited review by the Statutory Auditors. These income statements were approved by the Board of Directors on August 4th 2009.

The figures provided for the six months ending June 30th 2009 have been prepared in accordance with IFRS (International Financial Reporting Standards) adopted by the European Union at June 30th 2009. In particular, the Group's summarised consolidated half-yearly income statements have been drawn up and are presented in accordance with IAS 34 "Interim Financial Reporting".

Unless otherwise specified, the sources for the business rankings are internal.
