THIRD QUARTER AND FIRST 9 MONTHS 2010 RESULTS
Disclaimer

This document may contain a number of forecasts and comments relating to the targets and strategies of the Societe Generale Group. These forecasts are based on a series of assumptions, both general and specific, notably - unless specified otherwise - the application of accounting principles and methods in accordance with IFRS as adopted in the European Union, as well as the application of existing prudential regulations.

This information was developed from scenarios based on a number of economic assumptions for a given competitive and regulatory environment. The Group may be unable:

- to anticipate all the risks, uncertainties or other factors likely to affect its business and to appraise their impact on its operations;
- to precisely evaluate the extent to which the occurrence of a risk or a combination of risks could cause actual results to differ materially from those contemplated in this press release.

There is a risk that these projections will not be met. Investors are advised to take into account factors of uncertainty and risk likely to impact the operations of the Group when basing their investment decisions on information provided in this document.

Unless otherwise specified the sources for the rankings are internal.

The Group’s Q3 consolidated results at September 30th 2010 were approved by the Board of Directors on November 2nd 2010.

The financial information presented for the nine-month period ended September 30th 2010 has been prepared in accordance with IFRS as adopted in the European Union and applicable at this date. This financial information does not constitute a set of financial statements for an interim period as defined by IAS 34 "Interim Financial Reporting". Societe Generale’s management intends to publish complete consolidated financial statements for the 2010 financial year.
