SOCIETE GENERALE
GROUP RESULTS

1ST QUARTER 2011

5 MAY 2011
DISCLAIMER

This document may contain a number of forecasts and comments relating to the targets and strategies of the Societe Generale Group. These forecasts are based on a series of assumptions, both general and specific, notably - unless specified otherwise - the application of accounting principles and methods in accordance with IFRS as adopted in the European Union, as well as the application of existing prudential regulations. This information was developed from scenarios based on a number of economic assumptions for a given competitive and regulatory environment. The Group may be unable:
- to anticipate all the risks, uncertainties or other factors likely to affect its business and to appraise their impact on its operations;
- to precisely evaluate the extent to which the occurrence of a risk or a combination of risks could cause actual results to differ materially from those provided in this presentation.
There is a risk that these projections will not be met. Investors are advised to take into account factors of uncertainty and risk likely to impact the operations of the Group when basing their investment decisions on information provided in this document. Unless otherwise specified, the sources for the rankings are internal.
The Group’s quarterly results at 31 March 2011 were reviewed by the Board of Directors on 4 May 2011. The financial information presented for the first quarter 2011 has been prepared in accordance with IFRS as adopted in the European Union and applicable at this date. This financial information does not constitute a set of financial statements for an interim period as defined by IAS 34 "Interim Financial Reporting". Societe Generale’s management intends to publish condensed half-yearly consolidated financial statements for the six-month period ending 30 June 2011.
