€25,000,000,000
Euro Medium Term Note Programme
for the issue of obligations de financement de l'habitat

Under the Euro Medium Term Note Programme (the *Programme*) described in this base prospectus (the *Base Prospectus*), Société Générale SFH (the *Issuer*), subject to compliance with all relevant laws, regulations and directives, may from time to time issue obligations de financement de l'habitat to be governed either by French law or German law, as specified in the relevant Final Terms (as defined below) (respectively, the "*French Law Notes*" and the "*German Law Notes*" and together, the "*Notes*") within the meaning of article L. 515-36, I of the *Code monétaire et financier* (the *French Monetary and Financial Code*). All French Law Notes and German Law Notes will benefit from the statutory *privilège* (priority right of payment) created by article L. 515-19 of the French Monetary and Financial Code (the *Privilège*), as more fully described herein.

The Terms and Conditions and the form of final terms of the German Law Notes are set out in the Paying and Registration Agency Agreement.

An application has been made to the *Autorité des marchés financiers* (the *AMF*) in France for approval of this Base Prospectus in its capacity as the competent authority pursuant to article 212-2 of its *Règlement Général* (the *AMF General Regulations*), which implements Directive 2003/71/EC of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading, as amended pursuant to Directive 2010/73/EC of 24 November 2010 (to the extent that such amendments have been implemented in a Member State of the European Economic Area) (the *Prospectus Directive*).

An application may be made to Euronext Paris within a period of twelve (12) months after the date of the visa granted by the AMF on the Base Prospectus in order for French Law Notes issued under the Programme to be listed and admitted to trading on Euronext Paris. Euronext Paris is a regulated market for the purposes of Directive 2004/39/EC of 21 April 2004 on markets in financial instruments, as amended from time to time (a *Regulated Market*). French Law Notes issued under the Programme may also be unlisted or listed and admitted to trading on any other stock exchange, including any other Regulated Market in any Member State of the European Economic Area. The relevant final terms (a form of which is contained herein) in respect of the issue of any French Law Notes (the *Final Terms*) will specify whether or not an application will be made for such French Law Notes to be listed and admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the French Law Notes will be listed and admitted to trading. The German Law Notes will not be admitted to trading nor listed on any Regulated Market(s) or stock exchange(s). Notes admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the Prospectus Directive shall have a minimum denomination of € 100,000 (or its equivalent in any other currency at the time of issue), or such higher amount as may be allowed or required by the relevant monetary authority or any applicable laws or regulations.

French Law Notes may be issued either in dematerialised form (*Dematerialised Notes*) or in materialised form (*Materialised Notes*) as more fully described herein.

Dematerialised Notes will at all times be in book-entry form in compliance with articles L. 211-3 *et seq.* of the French Monetary and Financial Code. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be (i) in bearer form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (acting as the central depository) which shall credit the accounts of the Account Holders (as defined in the section entitled "Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination") including Euroclear Bank S.A./N.V. (*Euroclear*) and the depository bank for Clearstream Banking, *société anonyme* (*Clearstream, Luxembourg*), or (ii) in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in the section entitled "Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination"), in either fully registered form (*au nominatif pur*), in which case they will be either inscribed in an account maintained by the Issuer or by a registration agent (appointed in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*), in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholder.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a *Temporary Global Certificate*) will initially be issued in relation to the Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes with, where applicable, coupons for interest or talons attached, on or after a date expected to be on or about the fortieth (40th) day after the issue date of the Notes (subject to postponement as described in the section entitled "Temporary Global Certificate in respect of Materialised Notes") upon certification as to non-U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as more fully described herein) intended to be cleared through Euroclear and/or

Clearstream, Luxembourg, be deposited on the issue date with a common depository for Euroclear and Clearstream, Luxembourg, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

German Law Notes will be issued in materialised registered form only.

Notes issued under the Programme are expected to be rated AAA by Fitch Ratings S.A.S. (**Fitch Ratings**) and Aaa by Moody's Investors Service Limited (**Moody's**) and, together with Fitch Ratings, the **Rating Agencies** and each a **Rating Agency**). The rating of the Notes will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning Rating Agency without notice. As of the date of this Base Prospectus, each of the Rating Agencies is established in the European Union and registered under Regulation (EC) No. 1060/2009, as amended (the **CRA Regulation**). Each of the Rating Agencies is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation.

Listing and Admission to Trading:

Application may be made for the French Law Notes to be listed and admitted to trading on Euronext Paris. Application may be made for the Notes to be listed and admitted to trading on any other Regulated Market in accordance with the Prospectus Directive, or on an alternative stock exchange or market, as specified in the relevant Final Terms. A Series of Notes may be unlisted.

The German Law Notes will not be admitted to trading or listed on any Regulated Market(s) or stock exchange(s)

Rating:

Notes issued under the Programme are expected to be rated AAA by Fitch Ratings and Aaa by Moody's. The ratings to be assigned to the Notes by the Rating Agencies will only reflect the views of the Rating Agencies.

The rating of the Notes will be specified in the relevant Final Terms.

As of the date of this Base Prospectus, each of Fitch Ratings and Moody's is established in the European Union and registered under the CRA Regulation. Each of Fitch Ratings and Moody's is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning Rating Agency without notice.

There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in or unavailability of information or if, in the judgment of the Rating Agencies, circumstances so warrant.

Selling Restrictions:

There are restrictions on the offer and sale of Notes and on the distribution of offering material in various jurisdictions. The Notes shall not be offered to the public in France (see the section entitled "Subscription and Sale"). In connection with the offering and sale of a particular Tranche, additional selling restrictions may be imposed on the relevant Final Terms.

The Notes have not been and will not be registered under the Securities Act, as amended, or the securities laws of any State or jurisdiction of the United States and may not be offered or sold, directly or indirectly within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to the registration requirements of the Securities Act. The Notes are being offered and sold outside the United States to non U.S. persons in reliance on Regulation S. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Materialised Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) or any successor regulation issued under the U.S. internal revenue code of 1986, as amended (the *Code*) section 4701(b) containing rule identical to those applying under Code section 163(f)(2)(B) (the *D Rules*) unless (i) the relevant Final Terms states that such Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) or any successor regulation issued under the U.S. internal revenue code of 1986, as amended (the *Code*) section 4701(b) containing rule identical to those applying under Code section 163(f)(2)(B) (the *C Rules*) or (ii) such Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which such Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 (*TEFRA*), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

The Permanent Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes, (i) as part of their distribution at any time and (ii) otherwise until 40 days after the later of the commencement of the offering or the closing date, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period, as defined in Regulation S under the Securities Act, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account of benefit of, U.S.

Persons.

In addition, until 40 days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act.

Taxation:

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any jurisdiction or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If any Law should require that such payments be subject to deduction or withholding, the Issuer will not be required to pay any additional amounts in respect of any such deduction or withholding.

For a description of the French withholding tax rules, see "Terms and Conditions of the Notes - Taxation" and "Taxation".

RISK FACTORS

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme. However, the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Investors must be aware that the list of factors set out below is not intended to be exhaustive and that other risks and uncertainties which, on the date of this Base Prospectus, are not known of by the Issuer, or are considered not to be relevant, may have a significant impact on the Issuer, its activities, its financial condition and the Notes. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and form their own opinion about risk factors prior to making any investment decision. Investors should in particular conduct their own analysis and evaluation of the risks relating to the Issuer, its financial condition and the Notes.

This section applies to the Notes. However, this Base Prospectus does not describe all of the risks of an investment in German Law Notes and investors or potential investors should take their own advice, and consult their own financial, legal, tax and other advisers in relation to the risks attached to, or associated with, the German Law Notes or an investment in any of them including in light of such investors' particular circumstances.

The Issuer considers that the Notes shall only be purchased or subscribed by investors which are (or are advised by) financial institutions or other professional investors who have sufficient knowledge and experience to appropriately evaluate the risks associated with the Notes.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings when used below.

I. RISK FACTORS RELATING TO THE ISSUER

Sole liability of the Issuer under the Notes

The Issuer is the only entity which has obligations to pay principal and interest in respect of the Notes. The Notes will not be obligations or responsibilities of any other entity, including (but not limited to) Société Générale (in any capacity but in particular in its capacity as Arranger, Calculation Agent, Permanent Dealer, Fiscal Agent, Paying Agent and Principal Paying Agent) or any company within the Société Générale group, or the shareholders or directors or agents of any company in the same group of companies as any of them.

Impact of regulatory change

The Issuer is subject to financial services law, regulations, administrative actions and policies in each jurisdiction in which it carries on business. Changes in supervision and regulation, in particular in France, could materially affect the Issuer's business, the products and services offered or the value of its assets. Although the Issuer works closely with its regulators and continually monitors its environment, future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Issuer.

Reliance of the Issuer on third parties

The Issuer has entered into agreements with a number of third parties, which have agreed to perform services for the Issuer (in particular for the monitoring and the servicing of the eligible assets transferred as Collateral Security, for the hedging of its obligations under the Notes and for the provision of liquidity upon occurrence of certain rating trigger events - see the section entitled "Relationship between Société Générale SFH and Société Générale"). The ability of the Issuer to make payments under the Notes may be affected by the due performance of the other third parties involved in the Programme in relation to their payment and other obligations thereunder, including the performance by the Servicer, the Services Provider, the Calculation Agent, the Fiscal Agent, the Paying Agent or the Principal Paying Agent of their respective obligations.

Credit risk on bank counterparties

For the Issuer, bank counterparty risk is that of counterparties (i) in relation to hedging operations in respect of which it has entered into ISDA or FBF (*Fédération bancaire française*) master agreements, and (ii) in relation to the holding of the bank accounts of the Issuer and (iii) in relation to replacement assets representing exposure on such bank counterparties.

The agreements to be entered into between the Issuer and the above counterparties will comply with the specific legal requirements applicable to *sociétés de financement de l'habitat* and with the Rating Agencies' public methodologies and criteria which are commensurate to the then current rating of the Notes.

Conflicts of interests in respect of Société Générale

With respect to the Notes, conflicts of interest may arise as a result of various factors involving in particular Société Générale, its affiliates and the other parties named herein. For example, such potential conflicts may arise because Société Générale acts in several capacities under the operating of the Issuer and the Programme, as Fiscal Agent, Calculation Agent and Dealer (see also the section entitled "Relationship between Société Générale SFH and Société Générale").

Even if their respective rights and obligations under the Programme are not conflicting and are independent from one another, in performing any such obligations in these different capacities under the Programme, Société Générale and/or such affiliates may be in a situation of conflict of interests. Société Générale and/or such affiliates will only have the duties and responsibilities expressly agreed to by such entity in the relevant capacity and will not, by virtue of its or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a duty of care other than as expressly provided in respect of each such capacity.

Also during the course of their business activities, the parties to the Programme and/or any of their respective affiliates may operate, service, acquire or sell properties, or finance loans secured by properties, which are in the same markets as the underlying home loans.

II. RISK FACTORS RELATING TO THE ASSETS OF THE ISSUER

A. Credit risk on the assets of the Issuer generally

The Issuer's sole business activity is to grant or refinance home loans (*prêts à l'habitat*) and to hold securities under the terms and conditions set out in the French Monetary and Financial Code. Credit risk on assets is overseen by the Risk Direction department of Société Générale, which analyses risks (and consolidates analyses by foreign subsidiaries) applying group-wide methods. This unit produces an internal rating and sets a commitment ceiling.

However, in order to mitigate such credit risk, the assets of the Issuer will be selected so as to comply with the legal eligibility criteria contained in the legal framework relating to *sociétés de financement de l'habitat* described hereinafter.

Eligibility criteria

The assets of the Issuer must comply with the legal eligibility criteria provided for in article L. 515-35 of the French Monetary and Financial Code. For further descriptions, see the section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*".

The vast majority of these assets comes from the commercial financing activities of Société Générale group entities. Their eligibility to the assets of the Issuer is verified at two levels (a reputable law firm and a Specific Controller of the Issuer who reports to the *Autorité de contrôle prudentiel* (See the section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*")) for both French and non-French assets.

In addition, according to articles L. 515-17, R. 515-7 and R. 515-16 of the French Monetary and Financial Code, the Issuer may also hold securities, instruments and deposits which are sufficiently secure and liquid, as replacement assets (*valeurs de remplacement*) which comprise exposures on credit institutions or investment firms benefiting from the highest level of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the *Autorité de contrôle prudentiel* pursuant to article L. 511-44 of the French Monetary and Financial Code or guaranteed by credit institutions or investment firms benefiting of the same level of credit assessment (*échelon de qualité de crédit*), or, if such securities, instruments or deposits have a maturity of less than 100 days, exposures on or guaranteed by credit institutions or investment companies of a Member State of the European Union or the European Economic Area benefiting from the second highest level of credit quality (*second meilleur échelon de qualité de crédit*) as well as debt securities issued or fully guaranteed by public sector entities as referred to in paragraphs 1 to 5 of article L. 515-15 of the French Monetary and Financial Code.

Furthermore, it should be noted that, pursuant to the Management and Servicing Agreement (see the section entitled "Relationship between Société Générale SFH and Société Générale"), the equity and the cash of the Issuer must be invested for amounts and in instruments which comply with the Rating Agencies' public methodologies and criteria which are commensurate to the then current ratings of the Notes, it being specified that, at the date of this Base Prospectus, the eligible investments are those which comply with:

- (i) the criteria set forth in the document entitled "*Structured Finance Rating Methodology, The temporary use of cash in structured transactions*", as published by Moody's on 9 December 2008; and
- (ii) the criteria set forth in the document entitled "*Counterparty criteria for structured finance transactions*", as published by Fitch Ratings on 30 March 2012.

The total amount of such replacement assets shall not exceed fifteen per cent. (15%) of the nominal amount of the *obligations de financement de l'habitat* and other resources benefiting from the *Privilège* as described in the section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat – Privilège* and non-privileged debts".

Pursuant to article 13 of Regulation n°99-10 of 9 July 1999 of the *Comité de la réglementation bancaire et financière* relating to the *sociétés de crédit foncier* and to the *sociétés de financement de l'habitat* as amended on 26 June 2001, 15 July 2002, 7 May 2007 and 23 February 2011 (the **CRBF Regulation**), the Issuer must send to the French *Autorité de contrôle prudentiel* no later than on June 10 of each year information relating to the quality of its assets. This report is published within 45 days of a general meeting approving the Issuer's financial statements of the year then ended. In particular, the characteristics, details of the distribution of loans, exposures and guarantees, the total of any unpaid amounts, the distribution of debts by amount and by category of debtors, the proportion of early repayments, the liquidity needs of the Issuer for 180 days period and the level and sensitivity of the position of rates are required to be included as part of the latter report.

In addition, according to article L.515-17-2 of the French Monetary and Financial Code and article 13 bis of the CRBF Regulation, the Issuer must publish every quarter a report containing the same information relating to the quality of its assets. Such report is available for viewing on the website of the Issuer (www.investisseur.socgen.com).

Financing limitation by privileged debts

Even if they comply with all the legal eligibility criteria set out by the French legal framework applicable to *sociétés de financement de l'habitat*, home loans may only be financed by the issuance of *obligations de financement de l'habitat* (such as the Notes) and other debt benefiting from the *Privilège* up to a maximum limit determined by the law. See "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat – Financing portion (quotité de financement)*".

Cover ratio between assets and privileged debts

According to articles L.515-20 and R. 515-7-2 of the French Monetary and Financial Code, *sociétés de financement de l'habitat* must at all times maintain a cover ratio of at least 102 per cent. of the total amount of their liabilities which benefit from the *Privilège* by the total amount of their assets, including the replacement assets. For the calculation of this cover ratio, when the assets comprise receivables secured by collateral assets pursuant to articles L.211-36 to L.211-40, L.313-23 to L.313-35 and L.313-42 to L.313-49 of the French Monetary and Financial Code, which are not replacement assets, the *sociétés de financement de l'habitat* must take into account the assets received as collateral rather than the secured receivables.

Calculation of this cover ratio is set out in the CRBF Regulation pursuant to which the ratio's denominator (article 8 of the CRBF Regulation) is composed of *obligations de financement de l'habitat* and other resources benefiting from the *Privilège*, and the ratio's numerator (article 9 of the CRBF Regulation) is composed of all the assets weighted to reflect their category.

Pursuant to article R. 515-7-2 of the French Monetary and Financial Code, the Issuer must be in constant compliance with the conditions of the above cover ratio. The Specific Controller (as described in the section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*") has access to information that allows confirmation of each issue's compliance with the cover ratio. This cover ratio is published twice a year and checked on a quarterly basis and for each issue whose amount is greater than Euro 500 million, by the Specific Controller (for more details on the cover ratio, see section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat* - Cover ratio").

III. RISK FACTORS RELATING TO THE COLLATERAL SECURITY

No interpretation by French courts of rules applicable to Collateral Security

The Collateral Security will be granted by Société Générale, and, as the case may be, enforced by the Issuer, in accordance with the provisions of articles L. 211-38-I *et seq.* of the French Monetary and Financial Code, being the applicable rules of French law implementing directive 2002/47/EC of the European Parliament and of the Council of 6 June 2002 on financial collateral arrangements (the "**Directive**").

It should be noted that French courts have not yet had the opportunity to interpret articles L. 211-38-I *et seq.* of the French Monetary and Financial Code.

Impact of the hardening period on the Collateral Security

Article L. 211-40 of the French Monetary and Financial Code states that the provisions of book VI of the French Commercial Code (pertaining to insolvency proceedings as a matter of French law) shall not impede ("*ne font pas obstacle*") the application of articles L. 211-36 *et seq.* of the French Monetary and Financial Code. This provision should lead to the conclusion that the rules pertaining to the nullity of acts concluded during the hardening period (*période suspecte*) (as provided for in articles L. 632-1 and L. 632-2 of the French Commercial Code) will not apply in respect of guarantees governed by article L. 211-38-I of the French Monetary and Financial Code.

The hardening period (*période suspecte*) is a period of time the duration of which is determined by the bankruptcy judge upon the judgement recognising that the cessation of payments (*cessation des paiements*) of the insolvent company has occurred. The hardening period commences on the date of such judgement and extends for up to eighteen (18) months previous to the date of such judgement.

Given the provisions of the Directive, it is reasonable to consider that article L. 211-40 of the French Monetary and Financial Code will exclude application of article L. 632-1-6° of French Commercial Code, which provides for an automatic nullity of security interest granted during the hardening period to secure past obligations of a debtor and, therefore, that the Collateral Security, which is governed by articles L. 211-38-I *et seq.* of the French Monetary and Financial Code, would not be avoided on the basis of said article L. 632-1-6° of French Commercial Code.

However, it cannot be excluded that article L. 211-40 of the French Monetary and Financial Code does not intend to overrule article L. 632-2 of the French Commercial Code, which provides for a potential nullity of acts which are onerous (*actes à titre onéreux*) if the counterparty of the debtor was aware, at the time of conclusion of such acts, that the debtor was unable to pay its debts due with its available funds (*en état de cessation des paiements*). Should article L. 632-2 of the French Commercial Code be deemed applicable, nullity of the Collateral Security could be sought, if the Issuer was aware, at the time where the Collateral Security was granted (or the subject of an addition or a substitution), that Société Générale was unable to pay its debt due with its available funds (*en état de cessation des paiements*); it being specified that, within the French legal framework applicable to *sociétés de financement de l'habitat*, article L. 515-37 of the French Monetary and Financial Code provides that the provisions of article L.632-2 of the French Commercial Code are not applicable to contracts concluded by a *société de financement de l'habitat*, or to legal transactions made by or in favour of *société de financement de l'habitat*, as far as such contracts or transactions are directly related to the transactions referred to in article L.515-34 to L.515-36 of the French Monetary and Financial Code.

Disproportionate guarantee

Pursuant to article L. 650-1 of the French Commercial Code, a creditor may be held liable towards a bankrupt debtor if the credit granted by it to such debtor entailed a damage and the security interest securing such credit is disproportionate (*disproportionné*) compared to that credit. In such case, such security interest may be void or reduced by the judge.

No prior notification to debtors under the Home Loans granted as Collateral Security

The Collateral Security Agreement will provide that the relevant home loans will be granted as Collateral Security without notification or information of the debtors under such home loans. Such debtors will only be notified in case of enforcement of the Collateral Security by the Issuer. As long as no such notification has taken place, any payments made by the debtors under the relevant home loans will continue to be validly made by such debtors to Société Générale.

Each debtor may further raise defences (which may include, as applicable, any set-off right) against the Issuer arising from such debtor's relationship with Société Générale to the extent that such defences (i) are existing prior to the notification of the transfer of the relevant home loan or (ii) arise out of mutual claims (*compensation de créances connexes*) between the debtor and Société Générale which are closely connected with that home loan (irrespective of whether such notification has been made before or after such claims have arisen).

There is no guarantee that the notification to the debtors will be made at the times required and there can be no guarantee or assurance as to the ability of the Issuer to obtain effective direct payment from the debtors in a sufficient timely manner, which may affect payments under the Notes. In this situation, a shortfall in distributions of interest to Noteholders may result.

Until notification to the debtors has been made and provided that, at such time, an Insolvency Event has occurred in respect of Société Générale, French insolvency law will prevent the Issuer from recovering from Société Générale any collections received by it under the relevant home loans which are commingled with other funds of Société Générale.

However, these risks are mitigated by a cash collateral (*gage-espèces*) to be funded by Société Générale if its credit ratings are downgraded below certain minimum rating levels (a "**Collection Loss Trigger Event**") for an amount equal to the aggregate amount of collections (interests and principal) received by Société Générale under the home loans granted as Collateral Security during the two and half (2,5) calendar months preceding the occurrence of a Collection Loss Trigger Event (the "**Collection Loss Reserve**") (see section "Relationship between Société Générale SFH and Société Générale" for further details).

Maintenance of value of the Collateral Security prior to enforcement

Under the Collateral Security Agreement, for so long as no event of default under the Facility Agreement has occurred, Société Générale will be required to maintain at all times a cover ratio between the home loans granted as Collateral Security and the outstanding amount the loans made available under the Facility Agreement. As of the date of this Base Prospectus, in accordance with the

operational strategy of Société Générale SFH the outstanding amount of the loans made available under the Facility Agreement is equal to the outstanding amount of the Notes issued (the "**Asset Cover Test**").

Failure to maintain compliance with such Asset Cover Test may result in the Issuer having insufficient funds to meet its obligations under such Series of Notes.

Home loans debtors' ability to pay under the home loans

The home loans debtors are individuals having borrowed under the home loans in order to finance the acquisition of a real estate property.

If following enforcement of the Collateral Security, the Issuer does not receive the full amount due from the home loan debtors in respect of such home loans, this may affect the ability of the Issuer to make payments under the Notes.

The Issuer may therefore be exposed to the occurrence of credit risk in relation to the home loan debtors.

None of the borrower under the Facility Agreement, the Issuer or any other party to the Programme does guarantee or warrant full and timely payment by the home loan debtors of any sums payable under such home loans.

The ability of the home loan debtors to make timely payment of amounts due under such home loans will mainly depend on their assets and its liabilities as well as their ability to generate sufficient income to make payments under the relevant home loans. Their ability to generate income may be adversely affected by a large number of factors, some of which (i) relate specifically to the home loan debtor itself (including but not limited to their age and health, employment situation, family situation, creditworthiness or expropriation) or (ii) are more general in nature (such as changes in governmental regulations, fiscal policy, etc.).

Furthermore, home loan debtors may benefit from the favourable legal and statutory provisions of the French Consumer Code, pursuant to which any individual may, under certain circumstances, and subject to certain conditions, request and obtain from the competent court a grace period, a reduction of the amount of all and any of its indebtedness and any interest relating thereto and, as the case may be, a full or partial extinguishment of its indebtedness against a credit institution (*établissement de crédit*).

Enforcement of home loan guarantees

If following enforcement of the Collateral Security in favour of the Issuer and then notification of the home loan debtors and then enforcement of its rights by the Issuer under the relevant home loan guarantee against the home loan guarantor, the later does not pay in whole or in part any amounts due under the relevant home loan guarantee for whatever reason or does not pay such amounts in a timely manner, this may affect the ability of the Issuer to make payments under the Notes.

IV. RISK FACTORS RELATING TO THE OPERATIONS OF THE ISSUER

Market risks

Market risk might come from a foreign exchange risk. The Société Générale group's management policy is to take no foreign exchange risks. Assets and liabilities originally in foreign currencies are swapped against Euros when they are acquired.

Interest and currency risks

According to article 12 of the CRBF Regulation, the Issuer shall dispose of a system for measuring overall interest rate risks under the conditions set forth in article 28 of the Regulation 97-02 notwithstanding the provisions of article 29 of the same Regulation. The level of rate and maturity matching between the assets and the liabilities of the Issuer shall be verified by the Specific Controller.

The Issuer shall use micro and macro-hedging instruments to hedge any interest rate and currency risks between its assets and liabilities. For this purpose, the Issuer shall enter into interest and/or currency

hedging agreements with hedging counterparties with minimum ratings complying with the rating agencies' public methodologies and which are commensurate to the then current ratings of the Notes.

As of the date of this Base Prospectus, the Issuer has entered into the Issuer Hedging Agreement (as described in the section entitled "Relationship between Société Générale SFH and Société Générale") and the Borrower Hedging Agreement which will constitute a back-to-back agreement with any Collateral Security Transaction entered into under the Issuer Hedging Agreement (as further described in the section entitled "Relationship between Société Générale SFH and Société Générale").

The replacement assets are managed so as not to incur any interest rate or currency risks.

Liquidity risk

In order to finance any temporary liquidity needs, the Issuer benefits from the ALM management tools and instruments provided to it by the laws and regulations applicable to *sociétés de financement de l'habitat* in order to fund temporary liquidity needs.

According to article L. 515-36 of the French Monetary and Financial Code, the Issuer may at any time sell or liquidate certain assets or raise new short-term or medium-term funds in order to comply with its payment obligations under the Notes and raise other resources, whether or not they benefit from the *Privilège* (depending on whether their agreement or document designed to inform the public (within the meaning of article L. 412-1 of the French Monetary and Financial Code) or any equivalent document required for the admission to trading on foreign regulated markets, mentions the *Privilège* or not).

See section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*" for the full list of these tools and instruments. Some of these tools and instruments allow the Issuer to temporarily use its assets as eligible collateral with the European Central Bank in accordance with the rules of the Eurosystem.

In any event, the Issuer is bound to ensure at any time adequate coverage of its liquidity needs for a 180 days period (see section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat* - Liquidity coverage"), by any of the following means:

- (i) with replacement assets (*valeurs de remplacement*) complying with the provisions of articles R.515-7 and R.515-16 of the French Monetary and Financial Code;
- (ii) with assets which are eligible for the credit operations of the *Banque de France* in accordance with the procedures and conditions set forth by the latter in the context of its monetary policy and intraday credit operations; and
- (iii) by refinancing agreements entered into with credit institutions with minimum ratings complying with the provisions of article R.515-7-1 of the French Monetary and Financial Code or guaranteed by other legal persons complying with such ratings.

In any case, if the Issuer is not able to cover its liquidity needs with any of the tools and instruments described above, the Issuer would be allowed to subscribe for its own *obligations de financement de l'habitat*, within the limit of ten (10) per cent. of the total outstanding amount (*encours total*) of the resources benefiting from the *Privilège* as at the date of their subscription, for the sole purpose of pledging them (*affecter en garantie*) as collateral security in order to secure the credit transactions (*opérations de crédit*) of the *Banque de France* in accordance with the provisions of article L. 515-32-1 of the French Monetary and Financial Code (See "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*").

In addition, the Issuer benefits from cash collateral (*gage-espèces*) to be funded by Société Générale, in its capacity as borrower under the Facility Agreement, pursuant to and in accordance with the terms of the Collateral Security Agreement (see the section entitled "Relationship between Société Générale SFH and Société Générale").

Operating risks

The Issuer having no human resources, its technical administration has been subcontracted to its parent, Société Générale (see the section entitled "Relationship between Société Générale SFH and Société Générale"). The security of the Société Générale group's information systems is managed within Société Générale. A security policy has been defined, including directives and operating procedures broken down by risk sector: physical security, security of system access control, security of data bases and applications, and security of continued operations.

V. RISK FACTORS RELATING TO THE NOTES

A. General risks related to the Notes

Set out below is a brief description of certain risks relating to the Notes generally:

Independent review and advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Assessment of investment suitability

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus and the relevant Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to

evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio. Some Notes which are complex financial instruments may be redeemable at an amount below par in which case investors may lose the value of part or their entire investment.

Potential Conflicts of Interest

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interest of the Noteholders.

Potential conflicts of interest may also arise between the Calculation Agent, if any, for a Tranche and the Noteholders, including with respect to certain discretionary determinations and judgements that such Calculation Agent may make, pursuant to the Terms and Conditions.

Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Modification

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically, for the defence of their common interests, in a Masse, as defined in Condition 10, following which a General Meeting can then be held. The Terms and Conditions permit, in certain cases, defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority. The General Meeting may deliberate on any proposal relating to the modification of the Conditions, including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 10.

EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted a directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the ***Savings Directive***). The Savings Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within their jurisdiction to an individual resident in that other Member State, except that, for a transitional period, Luxembourg and Austria will instead withhold an amount on interest payments unless the relevant beneficial owner of such payment elects otherwise and authorises the paying agent to disclose the above information. The rate of this withholding tax is currently 35% (see section entitled "**Taxation – EU Savings Directive**").

If a payment were to be made or collected through a Member State which has opted for a withholding system and tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax.

The Issuer is required to maintain a paying agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

Change of law

The Terms and Conditions of the Notes are based on French law in force as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to French law or administrative practice after the date of this Base Prospectus.

French Insolvency Law

The Noteholders, in respect of all Tranches in any Series, will be grouped automatically for the defence of their common interests in a Masse, in the conditions set out in Condition 10. However, under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the *Assembly*) if an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*), a safeguard procedure (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Note programme) and regardless of their governing law.

The Assembly will deliberate on the proposed safeguard plan (*projet de plan de sauvegarde*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling payments which are due and/or partially or totally writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give a right to share capital.

Decisions of the Assembly will be taken by a two-third (2/3) majority (calculated as a proportion of the amount of debt securities held by the holders who have cast a vote at such Assembly). No quorum is required to hold the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes as set out in this Base Prospectus and if applicable, the relevant Final Terms, will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

No legal and tax advice

Each prospective investor should consult its own advisers as to legal, tax and related aspects investment in the Notes. A Noteholder's effective yield on the Notes may be diminished by the tax on that Noteholder of its investment in the Notes.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country to where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial notes, such as the current Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but rather to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

Withholding Taxes - No gross-up obligation

If French law should require that any payments in respect of any Notes be subject to deduction or withholding in respect of any taxes or duties whatsoever, the Issuer will not pay any additional amounts. Therefore, the corresponding risk shall be borne by the Noteholders or, if applicable, the Receiptholders and the Couponholders.

Implementation of Basel II and Basel III Risk-Weighted Asset Framework

In June 1999, the Basel Committee on Banking Supervision (the **Basel Committee**) issued proposals for the reform of the 1988 Basel Capital Accord and proposed a new capital adequacy framework which would place enhanced emphasis on risk sensitivity and market discipline. On 26 June 2004, the Basel Committee published a new Capital Accord under the title "Basel II International Convergence of Capital Measurement and Capital Standards: a Revised Framework" (**Basel II**), an updated version of which was published in November 2005. Basel II was implemented under EU legislation by virtue of the directives no. 2006/48 of the European Parliament and of the Council relating to the taking up and pursuit of the business of credit institutions and no. 2006/49 on the capital adequacy of investment firms and credit institutions both dated 14 June 2006 as recently amended by the Directives 2009/27/EC, 2009/83/EC and 2009/111/EC (the **Capital Requirements Directives**, as amended from time to time). In France, the provisions of the Capital Requirements Directives providing for a new solvency ratio were implemented in particular under the *arrêté* dated 20 February 2007 relating to the capital requirements applicable to the credit institutions and the investment firms (as amended) and the *ordonnance* no. 2007-571 dated 19 April 2007 relating to the credit institutions, the investment firms and *sociétés de crédit foncier*. Please note also that the *arrêté* dated 25 August 2010 transposing the Capital Requirements Directives, which has entered into effect on 31 December 2010, has amended the French prudential control requirements applicable to credit institutions and investment firms.

It also should be noted that on December 17, 2009, the Basel Committee has published for consultation a package of proposals for new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions. On December 16, 2010 and January 13, 2011, the Basel Committee has approved significant changes to Basel II ("**Basel III**"), including new capital and liquidity standards for credit institutions. Those measures are expected to be implemented by relevant authorities starting from January 1, 2013 with full implementation on January 1, 2019, although certain supervisory authorities have already announced their intention to require an earlier application.

In particular, the changes introduced by Basel III refer to, amongst other things:

- a complete review of the capital standards;
- the introduction of a leverage ratio; and
- the introduction of short-term and longer-term standards for funding liquidity (referred to as the "Liquidity Coverage Ratio" and the "Net Stable Funding Ratio").

The European authorities have indicated that they support the work of the Basel Committee on the approved changes in general. The European Commission implemented those changes in the proposed amendment to the Capital Requirements Directive adopted on April 16, 2013 (directive *CRD IV*) and in the regulations (the *Capital Requirement Regulation*). Those measures are expected to be implemented by relevant authorities starting from January 1, 2014 with full implementation on January 1, 2019. The new Capital Requirements Directive and regulation will be implemented under French law.

The implementation of Basel II and Basel III has and will continue to bring about a number of substantial changes to the current capital requirements, prudential oversight and risk-management systems. The implementation of Basel II and Basel III could affect the risk weighting of the Notes in respect of certain investors to the extent that those investors are subject to the new guidelines resulting from the implementation of the Capital Requirements Directives. Accordingly, recipients of this Base

Prospectus should consult their own advisers as to the consequences and effects the implementation of the Capital Requirements Directives could have on them.

U.S. Foreign Account Tax Compliance Act (FATCA) Withholding risk

FACTA generally imposes a 30 per cent. withholding tax on certain payments to certain non-US financial institutions that do not enter into and comply with an agreement with the U.S. Internal Revenue Service (the IRS) to provide certain information on its U.S. accountholders (including the holders of its debt or equity). The IRS is still in the process of developing and issuing guidance on the implementation of FATCA and the full extent and implications of the legislation are presently unclear in the market. Therefore, it is not certain whether FATCA will ultimately impose obligations on certain Noteholders or the Issuers (see "Taxation – Foreign Account Tax Compliance Act").

FATCA IS PARTICULARLY COMPLEX AND ITS APPLICATION TO THE ISSUERS IS UNCERTAIN AT THIS TIME. EACH NOTEHOLDER SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO DETERMINE HOW THIS LEGISLATION MIGHT AFFECT EACH HOLDER IN ITS PARTICULAR CIRCUMSTANCES.

Forecasts and estimates

Estimates of the weighted average lives of the Notes contained in this Base Prospectus, together with any other projections, forecasts and estimates in this Base Prospectus are forward-looking statements. Such projections are speculative in nature and it can be expected that some or all of the assumptions underlying the projections will not prove to be wholly correct or will vary from actual results. Consequently, the actual results might differ from the projections and such differences might be significant.

Ratings of the Notes

The ratings assigned to the Notes by the Rating Agencies are based, among other things, on the credit quality of the assets refinanced and the other relevant structural and credit enhancement features provided for under the Programme, including, among other things, the short-term and/or long-term Issuer Default Rating (with respect to Fitch Ratings) or the short-term and/or long-term unsecured, unguaranteed and unsubordinated debt ratings (with respect to Moody's) of the parties involved in the Programme, and reflect only the views of the Rating Agencies. By assigning a rating to the Notes, the Rating Agencies mainly address their probability of default (PD) but also incorporate an element of recovery should default happen. The rating excludes event risk such as a change in legislation governing a jurisdiction's covered bond framework, or the merger of an issuer with another entity. There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon both the value of the Notes or their marketability in secondary market transactions.

The Rating Agencies will be notified of the exercise of certain discretions exercised by or on behalf of the Issuer under the Programme documents. However, the Rating Agencies are under no obligation to revert to the Issuer (or any of its agents) regarding the impact of the exercise of such discretion on the ratings of the Notes and any decision as to whether or not to confirm, downgrade, withdraw or qualify the ratings of all classes or any class of Notes based on such notification may be made at the sole discretion of the Rating Agencies at any time, including after the relevant action has been taken.

B. Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of the Notes is likely to limit their market value. During any period when the Issuer may elect to redeem the Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

Early Redemption and reinvestment risks

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

Floating Rate Notes

The interest rate of Notes which bear interest at a floating rate is comprised of (i) a reference rate, and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate. The market values of such Notes are typically more volatile than the market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which can/would further adversely affect the market value of these Notes.

Fixed to Floating Rate Notes

Fixed to Floating Rate Notes may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The conversion (whether automatic or optional) will affect the secondary market and the market value of such Notes since it may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate may at any time be lower than the rates on other Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Zero Coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

Notes having an Extended Maturity Date may be redeemed after their initial maturity date

The Maturity Date of the Notes having an Extended Maturity Date (as provided in the relevant Final Terms) may be extended automatically to the relevant Extended Maturity Date. In this case, if the Final Redemption Amount of the relevant Series is not paid by the Issuer on the Maturity Date, the payment of the Final Redemption Amount shall be automatically deferred and shall become due and payable on the Extended Maturity Date.

C. Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, but not limited to, the volatility of the market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the French Law Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, that are designed for specific investment objectives or strategies or that have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to certain of the Notes which may be issued hereunder. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the Notes. The Issuer cannot predict whether these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Although applications have been made for the Notes issued under the Programme to be listed and admitted to trading on Euronext Paris, there is no assurance that such application will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the ***Investor's Currency***) other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes, and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Legal investment considerations may restrict certain investments

The investment activities of certain investors can be subject to legal investment laws and regulations and/or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing, and (3) other restrictions that could apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules. Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Sociétés de financement de l'habitat may also raise other resources which do not benefit from the *Privilège*. Such other resources include:

- (a) loans or resources raised pursuant to an agreement or a document designed to inform the public (within the meaning of article L. 412-1 of the French Monetary and Financial Code) or any equivalent document required for the admission to trading on foreign regulated markets that does not mention the *Privilège*;

The receivables and securities so refinanced are not taken into account for the purpose of determining the cover ratio of the resources benefiting from the *Privilège*.

Financing portion (*quotité de financement*)

Pursuant to article R.515-2 of the French Monetary and Financial Code to which article R.515-15 of the same code expressly refers, the Issuer may only finance the home loans through issuance of *obligations de financement de l'habitat* or other resources benefiting from the *Privilège* up to the lowest of the following amounts:

- the principal outstanding amount of the home loan;
- the product of (i) the value of the financed real estate by guaranteed home loans or of the charged residential real estate for mortgage home loan and (ii) the applicable "financing portion" (*quotité de financement*) referred to in article R.515-2 of the French Monetary and Financial Code (which in respect of certain home loans is 80%).

Pursuant to article R.515-4 of the French Monetary and Financial Code to which article R.515-15 of the same code expressly refers, the Issuer may only finance the asset backed securities through issuance of *obligations de financement de l'habitat* or other resources benefiting from the *Privilège* up to the lowest of the following amounts:

- the outstanding principal amount of such asset backed securities;
- the sum of (i) the capital remaining due under loans composing the assets of such securitisation vehicle and (ii) the liquidities of such securitisation vehicle as defined in article R.214-95 of the French Monetary and Financial Code;
- the product of (i) the value of the financed real estate for guaranteed home loans or of the charged residential real estate for mortgage home loan and (ii) the applicable "financing portion" (*quotité de financement*) referred to in article R.515-2 of the French Monetary and Financial Code (which in respect of home loans is 80%). This product shall be increased by the liquidities of the securitisation vehicle as defined in article R. 214-95 of the French Monetary and Financial Code (*Code monétaire et financier*).

These amounts are those as of the date of the launch of the securitization vehicle, as of the date of any subsequent reloading or as of the date of the asset backed securities entering in the assets of the Issuer.

Cover ratio

Sociétés de financement de l'habitat must at all times maintain a cover ratio between their assets and their liabilities benefiting from the *Privilège*. According to articles L.515-20 and R. 515-7-2 of the French Monetary and Financial Code, *sociétés de financement de l'habitat* must at all times maintain a cover ratio of at least 102 per cent. of the total amount of their liabilities which benefit from the *Privilège* by the total amount of their assets, including the replacement assets. For the calculation of this cover ratio, when the assets comprise receivables secured by collateral assets pursuant to articles L.211-36 to L.211-40, L.313-23 to L.313-35 and L.313-42 to L.313-49 of the French Monetary and Financial Code, which are not replacement assets, the *sociétés de financement de l'habitat* must take into account the assets received as collateral rather than the secured receivables.

Sociétés de financement de l'habitat must appoint a Specific Controller (*contrôleur spécifique*) with the approval of the *Autorité de contrôle prudentiel* whose task is to ensure that the cover ratio is complied with at all times. In particular, the Specific Controller must certify that the cover ratio is satisfied in connection with (i) the *société de financement de l'habitat's* quarterly programme of issues benefiting from the *Privilège* and (ii) any specific issue also benefiting from the *Privilège* whose amount is greater than Euro 500 million. The Specific Controller must verify the quality of the assets, the process of yearly revaluation and the quality of the asset liability management. The Specific Controller (as further described in the paragraph entitled "Specific Controller" below) has access to information that allows confirmation of each issue's compliance with the cover ratio. This cover ratio is published twice a year.

Liquidity coverage

In accordance with article R. 515-7-1 of the French Monetary and Financial Code, a *société de financement de l'habitat* must ensure at any time the funding of its liquidity needs over a period of 180 days, taking into account the provisional fund flows arising from the principal and interest amounts over its assets and the net flows relating to the forward financial instruments (*instruments financiers à terme*) referred to in article L. 515-18 of the French Monetary and Financial Code. The needs in cash are covered with replacement assets (*valeurs de remplacement*) complying with the provisions of articles R.515-7 and R.515-16 of the French Monetary and Financial Code, assets which are eligible for the credit operations of the *Banque de France* in accordance with the procedures and conditions set forth by the latter in the context of its monetary policy and intraday credit operations, and by refinancing agreements entered into with credit institutions benefiting from the highest level of short term credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the *Autorité de contrôle prudentiel* pursuant to article L. 511-44 of the French Monetary and Financial Code or guaranteed by other corporates benefiting from the same level of credit assessment (*échelon de qualité de crédit*).

In the case where the assets of the *société de financement de l'habitat* are composed of receivables guaranteed by collateral assets in accordance with articles L. 211-36 to L. 211-40, L. 313-23 to L. 313-35, and L. 313-42 à L. 313-49 of the French Monetary and Financial Code, if these assets are not replacement assets (*valeurs de remplacement*), the liquidity needs are evaluated by considering the assets transferred as collateral security (and not the receivables).

In accordance with, and pursuant to, the provisions of article L. 515-32-1 of the French Monetary and Financial Code, a *société de financement de l'habitat* may also, by derogation to the provisions of articles 1300 of the *Code civil* (the **French Civil Code**) and L. 228-44 to L. 228-74 of the French Commercial Code, subscribe for its own *obligations de financement de l'habitat*, for the sole purpose of pledging them as collateral security (*affecter en garantie*) in order to secure the credit transactions (*opérations de crédit*) of the *Banque de France* in accordance with the terms and conditions determined by the *Banque de France* for its monetary and intraday credit policy, if the *société de financement de l'habitat* is not able to cover its cash needs with the other means available to it, provided that:

- (a) the total amount of the *obligations de financement de l'habitat* subscribed by the Issuer does not exceed ten (10) per cent. of the total outstanding amount (*encours total*) of the resources benefiting from the *Privilège* as at the date of their subscription;

- (b) such *obligations de financement de l'habitat* are disentitled of their rights under articles L. 228-46 to L. 228-89 of the French Commercial Code as long as the *société de financement de l'habitat* holds them;
- (c) such *obligations de financement de l'habitat* are pledged for the benefit of the *Banque de France* within an 8-day period starting from the date on which they are paid and delivered (otherwise, such Notes shall be cancelled by the *société de financement de l'habitat* at the end of such 8-day period); and
- (d) they can not be subscribed by third parties.

In any case, the *obligations de financement de l'habitat* subscribed by the *société de financement de l'habitat* in accordance with, and pursuant to, the provisions of article L. 515-32-1 of the French Monetary and Financial Code, shall be cancelled within an 8-day period starting from the date on which they cease to be pledged for the benefit of the *Banque de France*.

Hedging

The Issuer may enter into forward financial instruments to hedge its interests and currency risks on the loans and exposures referred to in Articles L.515-34 and L.515-35 of the French Monetary and Financial Code, on the *obligations de financement de l'habitat* and on other resources whether or not benefiting from the *Privilège*. Any amounts payable pursuant to these forward financial instruments, after the applicable set-off as the case may be, benefit from the *Privilège*, unless such forward financial instruments were not concluded by the Issuer to hedge items of its assets and/or privileged liabilities or the global risk on its assets, liabilities and off-balance sheet items in accordance with article L. 515-18 of the French Monetary and Financial Code.

Insolvency derogating regime

Article L. 515-27 of the French Monetary and Financial Code precludes the extension of any safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or liquidation (*liquidation judiciaire*) in respect of the *société de financement de l'habitat's* shareholders to the *société de financement de l'habitat*.

The French Monetary and Financial Code provides for a regime which derogates in many ways from the French legal provisions relating to insolvency proceedings. In particular, in the event of safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or liquidation (*liquidation judiciaire*) of a *société de financement de l'habitat*, all claims benefiting from the *Privilège*, including interest thereon, must be paid on their due dates and in preference to all other claims, whether or not secured or statutorily preferred and, until payment in full of all such preferred claims, no other creditors may take any action against the assets of the *société de financement de l'habitat*.

In addition, article L.515-37 of the French Monetary and Financial Code provides that the provisions of article L.632-2 of the French Commercial Code are not applicable to contracts concluded by a *société de financement de l'habitat*, or to legal transactions made by or in favour of *société de financement de l'habitat* as far as such contracts or transactions are directly related to the transactions referred to in article L.515-34 to L.515-36 of the French Monetary and Financial Code.

Specific Controller

In each *société de financement de l'habitat*, a specific controller (*contrôleur spécifique*) (the **Specific Controller**) and a substitute Specific Controller (*contrôleur spécifique suppléant*) are in charge of ensuring the compliance of the *société de financement de l'habitat* with the legal framework described above. The Specific Controller and the substitute Specific Controller are selected from the official list of auditors and appointed by the officers of the *société de financement de l'habitat* with the approval of the *Autorité de contrôle prudentiel*.

Pursuant to article L. 515-38 of the French Monetary and Financial Code, the tasks of the Specific Controller are:

- (a) to ensure that the *société de financement de l'habitat* complies with articles L. 515-34 to L. 515-36 of the French Monetary and Financial Code;
- (b) to certify that the cover ratio is satisfied in connection with (i) the *société de financement de l'habitat's* quarterly programme of issues benefiting from the *Privilège* and (ii) any issue of resources benefiting from the *Privilège* and whose amount is greater than Euro 500 million;
- (c) to ensure that the home loans (*prêts à l'habitat*) granted or refinanced by the *société de financement de l'habitat* comply with the purpose of article L. 515-34 of the French Monetary and Financial Code and with the requirements set out in articles L. 515-35 *et seq.* of the French Monetary and Financial Code;
- (d) to control, when the home loans (*prêts à l'habitat*) granted or financed by the *société de financement de l'habitat* are subject to a guarantee (*cautionnement*) from another credit institution or an insurance company included in the consolidation scope, as defined by article L. 233-16 of the French Commercial Code as applicable to the *société de financement de l'habitat*, the risks assessment methods established by such credit institution or insurance company are adequate, in accordance with article R. 515-17 of the French Monetary and Financial Code; and
- (e) to review, pursuant to article 12 of the CRBF Regulation, the level of rate and maturity matching between the assets and the liabilities. In case the Specific Controller believes that the level of rate and maturity matching would create excessive risks for the creditors benefiting from the *Privilège*, the Specific Controller informs the officers of the relevant *société de financement de l'habitat* and the *Autorité de contrôle prudentiel*.

The Specific Controller attends all shareholders' meetings and, on his request, may be heard by the board of directors of the *société de financement à l'habitat* (article L. 515-30 of the French Monetary and Financial Code).

The Specific Controller is entitled to receive all the documents and information necessary to the fulfilment of its mission and to perform, under certain conditions, any audit and control in the premises of the *société de financement de l'habitat*. The Specific Controller prepares annual reports on the accomplishment of his missions to the management of the *société de financement de l'habitat*, a copy of which is delivered to the *Autorité de contrôle prudentiel*.

More generally, the Issuer may perform any ancillary activities relating to its business or for the purpose of achieving its corporate purpose, as soon as these activities comply with the corporate purpose of *sociétés de financement de l'habitat* as it is defined in legal and mandatory legislation applying to their activities.

For a description of the legal framework applicable to *sociétés de financement de l'habitat*, see the section entitled "Summary of the legislation and regulations relating to *sociétés de financement de l'habitat*".

The Issuer, acting as lender, entered into with Société Générale, acting as borrower, a facility agreement (the "**Facility Agreement**"). In order to secure the full and timely payment of all financial obligations which are or will be owed by Société Générale to the Issuer under the Facility Agreement, the Issuer, acting as beneficiary, and Société Générale, in its capacity as borrower, entered into a collateral security agreement (the "**Collateral Security Agreement**") setting forth the terms and conditions upon which (i) Société Générale shall transfer, by way of security (*remise en pleine propriété à titre de garantie*) to the benefit of the Issuer pursuant to articles L. 211-36 *et seq.* of the French Monetary and Financial Code, home loans complying with the eligibility criteria provided for by article L. 515 35 of the French Monetary and Financial Code and (ii) Société Générale shall transfer to the Issuer certain amounts as cash collateral (*gage espèces*) upon the occurrence of certain downgrading events relating to Société Générale (see sections entitled "Risk Factors - Risk Factors relating to the Operation of the Issuer", "Risk Factors - Risk Factors relating to the Collateral Security" and "Relationship between Société Générale SFH and Société Générale").

For the purposes of this sub-paragraph (A), ***Floating Rate***, ***Agent*** and ***Floating Rate Determination Date*** are translations of the French terms "*Taux Variable*", "*Agent*" and "*Date de Détermination du Taux Variable*", respectively, which have the meanings given to those terms in the FBF Definitions.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this

sub-paragraph (B), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date as disclosed in the relevant Final Terms, plus or minus (as indicated in the relevant Final Terms) the Margin (if any);

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any); and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a

percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the *Principal Financial Centre*) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(d) Zero Coupon Notes

Where a Note, the Interest Basis of which is specified to be Zero Coupon, is repayable prior to the Maturity Date pursuant to an Issuer's Option or, if so specified in the relevant Final Terms, pursuant to Condition 6(d) and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(d)(i)).

(f) Accrual of interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.

(g) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:

- (i) If any Margin is specified in the relevant Final Terms, either (x) generally or (y) in relation to one or more Interest Accrual Periods, an adjustment shall be made to all Rates of Interest in the case of (x), or to the Rates of Interest for the specified Interest Accrual Periods in the case of (y), calculated in accordance with Condition 5(c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (w) if FBF Determination is specified in the relevant Final Terms, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest ten-thousandth of a percentage point (with halves being rounded up), (x) otherwise all percentages

resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (y) all figures shall be rounded to seven figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes, *unit* means the lowest amount of such currency that is available as legal tender in the country of such currency.

(h) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(i) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent, as soon as practicable on such date as it may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination (as specified in the relevant Final Terms) of the Notes for the relevant Interest Accrual Period, shall calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market or other stock exchange and the rules of such Regulated Market or other stock exchange so require, such Regulated Market or other stock exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market or other stock exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(j) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined above). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is

unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market or other stock exchange and the rules of, or applicable to, that Regulated Market or other stock exchange so require, notice of any change of Calculation Agent shall be given in accordance with Condition 13.

6. Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled or its maturity is extended as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount, as specified in the relevant Final Terms or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.

An extended maturity date (the “**Extended Maturity Date**”) which means a date falling one (1) year after the Maturity Date, may be specified in the relevant Final Terms. In this case, if the Final Redemption Amount of the relevant Series is not paid by the Issuer on the Maturity Date, the payment of such Final Redemption Amount shall be automatically deferred and become due and payable on the Extended Maturity Date. However, any amount representing the Final Redemption Amount remaining unpaid on the Maturity Date may be paid by the Issuer on any Interest Payment Date from (and excluding) the Maturity Date to (and including) the Extended Maturity Date. During the extended period, interest will continue to be calculated and to accrue at the relevant Rate of Interest and be payable on each Interest Payment Dates and on the Extended Maturity Date.

(b) Redemption by Instalments and Final Redemption

Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended pursuant to the Issuer's option in accordance with Condition 6(c), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) Redemption at the Option of the Issuer and Partial Redemption

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all the relevant laws, regulations and directives and on giving not less than six (6) Business Days' irrevocable notice in accordance with Condition 13 to the Noteholders redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption, if any. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as

specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices and subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full only some of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with article R. 213-16 of the French Monetary and Financial Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market or stock exchange requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published (i) as long as such Notes are admitted to trading on Euronext Paris and the rules applicable to such Regulated Market so permit, on the website of the AMF (www.amf-france.org) or (ii) in a leading financial newspaper with general circulation in the city where the Regulated Market on which such Notes are admitted to trading is located, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(d) Early Redemption

(i) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(h) shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Amortised Nominal Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(h) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable was the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-

paragraph shall continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) Other Notes

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(h) shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption.

(e) No Redemption for Taxation Reasons

If any law should require that payments of principal or interest in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, such Notes may not be redeemed early.

(f) Purchases

The Issuer may, subject to Condition 6(h), at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price, subject to the applicable laws and/or regulations.

Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 6(h) below.

(g) Subscriptions

The Issuer shall have the right at all times to subscribe for Notes for the purpose of pledging them (*affecter en garantie*) as collateral security in order to secure the credit transactions (*opérations de crédit*) of the *Banque de France* in accordance with the terms and conditions determined by the *Banque de France* for its monetary and intraday credit policy, if the Issuer is not able to cover its cash needs with the other means available to it, provided that:

- (i) the total amount of the Notes subscribed by the Issuer does not exceed ten (10) per cent. of the total outstanding amount (*encours total*) of the resources benefiting from the *Privilège* as at the date of their subscription;
- (ii) the Notes are disentitled of their rights under articles L. 228-46 to L. 228-89 of the French Commercial Code as long as the Issuer holds them;
- (iii) the Notes are pledged for the benefit of the *Banque de France* within an 8-day period starting from the date on which they are paid and delivered (otherwise, such Notes shall be cancelled by the Issuer at the end of such 8-day period); and
- (iv) they cannot be subscribed by third parties.

In any case, the Notes subscribed by the Issuer shall be cancelled within an 8-day period starting from the date on which they cease to be pledged for the benefit of the *Banque de France*.

(h) Cancellation

All Notes which have been purchased by or on behalf of the Issuer for cancellation will be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Notes in question, together with all unmatured Receipts and Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Definitive Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(i) Illegality

If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 13, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7. Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders, and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank (as defined below) designated by the relevant Noteholder. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Notes

(i) Method of payment

Subject as provided below, payments in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency, or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is euro, shall be any country in the Euro-zone, and, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively).

(ii) Presentation and surrender of Definitive Materialised Notes, Receipts and Coupons

Payments of principal in respect of Definitive Materialised Notes will (subject as provided below) be made in the manner provided in paragraph (i) above only upon presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Notes, and payments of interest in respect of Definitive Materialised Notes will (subject as provided below) be made as aforesaid only upon presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Materialised Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Materialised Note to which it appertains. Receipts presented without the Definitive Materialised Note to which they appertain do not constitute valid obligations of the Issuer.

Upon the date upon which any Definitive Materialised Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment will be made in respect thereof.

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on the exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five (5) years from the date on which such Coupon would have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, in definitive form becomes due and repayable prior to its Maturity Date, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only upon presentation and surrender (if appropriate) of the relevant Definitive Materialised Note.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agent(s) with specified offices outside the United States with the reasonable expectation that such Paying Agent(s) would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts, and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence for the Issuer.

(d) Payments subject to Fiscal Laws

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives but without prejudice to Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case, does not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Paying Agents, the Registration Agent or the Calculation Agent and to appoint another Fiscal Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent having specified offices in at least two major European cities and ensuring the financial servicing of the Notes free of charge to the Noteholders, so long as the Notes are listed and admitted to trading on Euronext Paris and, so long as the Notes are admitted to trading on any other Regulated Market, in such other city where the Notes are admitted to trading, (iv) in the case of Materialised Notes, a Paying Agent having its specified office in a Member State of the EU that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC regarding the taxation of savings income in the form of interest payments or any other EU Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in compliance with, such Directive (which may be the Paying Agent referred to in (iii) above), (v) in the case of Dematerialised Notes in fully registered form, a Registration Agent, and (vi) such other agents as may be required by the rules of any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 13.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may

be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(g) Business Days for Payment

If any date for payment in respect of any Note, Receipt or Coupon is not a Business Day, the Noteholder shall not be entitled to payment until the next following business day (the **Adjusted Payment Date**), nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as **Financial Centre(s)** in the relevant Final Terms, and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET 2 Business Day.

(h) Bank

For the purpose of this Condition 7, **Bank** means a bank in Paris and the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to the TARGET 2 System.

8. Taxation

(a) Withholding Tax

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any jurisdiction or any authority therein or thereof having the power to tax, unless such withholding or deduction is required by law.

(b) No Additional Amounts

If any law should require that payments of principal or interest in respect of any Note or any Receipt or Coupon relating thereto, be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will not be required to pay any additional amounts in respect of any such withholding or deduction.

9. Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within a period of ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. Representation of Noteholders

In respect of the representation of Noteholders, the following shall apply:

- (a) If the relevant Final Terms specify "*No Masse*", the Noteholders will not, in respect of all Tranches in any Series, be grouped for the defence of their common interest in a *Masse* (the *Masse*) and the provisions of the French Commercial Code (*Code de commerce*) relating to the *Masse* shall not apply; or

If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 13.

Each Noteholder has the right to participate in a General Meeting either in person or by proxy. The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and may also act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in dispute or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders.

General Meetings may only validly deliberate on first convocation if the Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

Mutilated or defaced Materialised Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Further Issues and Consolidation

(a) Further Issues

The Issuer may, from time to time, without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be assimilated (*assimilées*) with the Notes, provided such Notes and the further notes carry rights identical in all respects (or identical in all respects save for the principal amount thereof and the first payment of interest) and that the terms of such notes provide for such assimilation, and references in these Conditions to **Notes** shall be construed accordingly.

13. Notices

(a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth (4th) weekday (being a day other than a Saturday or a Sunday) after the mailing, or, at the option of the Issuer, (ii) they are published in a leading daily financial newspaper of general circulation within Europe (which is expected to be the *Financial Times*), provided that, so long as such Notes are admitted to trading on any Regulated Market and the rules applicable to such Regulated Market so require, notices shall be valid if published in a daily financial newspaper with general circulation in the city/ies where the Regulated Market on which such Notes are admitted to trading is located, or as otherwise required by the rules applicable to that Regulated Market, as the case may be.

- (d) If any such publication is not practicable, notice shall be validly given if published in a leading daily financial newspaper with general circulation within Europe, provided that, so long as such Notes are admitted to trading on any Regulated Market, notice shall be published as otherwise required by the rules applicable to that Regulated Market, as the case may be. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Notes in accordance with this Condition.

Exchange

Each Temporary Global Certificate issued in respect of Materialised Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “General description of the Programme - Selling Restrictions”), in whole, but not in part, for Definitive Materialised Notes; and
- (ii) otherwise, in whole but not in part, upon certification if required under U.S. Treasury regulation section 1.163-5(c)(2)(i)(D)(3) or any successor regulation issued under the U.S. internal revenue code of 1986, as amended (the **Code**) section 4701(b) containing rules identical to those applying under Code section 163(f)(2)(B) as to non-U.S. beneficial ownership for Definitive Materialised Notes.

While any Materialised Note is represented by a Temporary Global Certificate, any payment payable in respect of such Materialised Note prior to the Exchange Date (as defined below) will be made only to the extent that the certification described in (ii) above has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certification received) to the relevant Paying Agent. The holder of a Temporary Global Certificate will not be entitled to collect any payment due thereon on or after the Exchange Date unless, upon due certification as described above, exchange of the Temporary Global Certificate for an interest in Definitive Materialised Notes is improperly refused or withheld.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to, or to the order of, the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, **Definitive Materialised Notes** means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid in respect of the Temporary Global Certificate and a Talon). Definitive Materialised Notes will be securely printed in accordance with any applicable legal and stock exchange requirement.

Exchange Date

Exchange Date means, in relation to a Temporary Global Certificate in respect of any Materialised Notes, the day falling after the expiry of forty (40) days after its issue date, provided that in the event any further Materialised Notes which are to be assimilated with such first mentioned Materialised Notes are issued prior to such day pursuant to Condition 12(a), the Exchange Date may, at the option of the Issuer, be postponed to the day falling after the expiry of forty (40) days after the issue date of such further Materialised Notes.

In the case of Materialised Notes with an initial maturity of more than 365 days (and that are not relying on the TEFRA C Rules), the Temporary Global Certificate shall bear the following legend:

ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES FEDERAL INCOME TAX LAWS INCLUDING THE LIMITATION PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED.

(This form of Final Terms will only apply to the French Law Notes. The form of the final terms applicable to German Law Notes is included in the Paying Agency Agreement)

TAXATION

The following is a summary limited to certain tax considerations in France and in Luxembourg relating to the payments made in respect of the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. This summary is based on the laws in force in France and in Luxembourg as of the date of this Base Prospectus and as applied by the tax authorities, all of which are subject to changes or to different interpretation. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposal of the Notes in light of its particular circumstances.

EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted the directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the **Savings Directive**). The Savings Directive requires Member States as from 1 July 2005 provide the tax authorities of other Member States with details of payments of interest and other similar income within the meaning of the Savings Directive made by a paying agent located within their jurisdiction to (or, under certain circumstances, to the benefit of) a beneficial owner (within the meaning of the Savings Directive) resident in another Member State, except that Luxembourg and Austria will instead impose a withholding system for a transitional period unless the beneficiary of the interest payment elects for the exchange of information. At the date of the Base Prospectus, the rate of this withholding tax is 35%.

If a payment in respect of the Notes were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax.

For these purposes, the term "paying agent" is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals.

The European Commission has proposed certain amendments to the Savings Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

French taxation

The following is a summary limited to certain withholding tax considerations in France which are relevant for Noteholders who do not concurrently hold shares of the Issuer.

Savings Directive

The Savings Directive has been implemented in French law by article 242 *ter* of the French General Tax Code (*Code général des impôts*) and articles 49 I *ter* to 49 I *sexies* of the Schedule III to the French General Tax Code (*Code général des impôts*). article 242 *ter* of the French General Tax Code (*Code général des impôts*) imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

French Withholding Tax

Following the introduction of the French "*loi de finances rectificative pour 2009 n° 3*" (no. 2009-1674 dated 30 December 2009) (the "**Law**"), payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under

Article 125 A III of the French General Tax Code (*Code général des impôts*) unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French General Tax Code (*Code général des impôts*) (a "**Non-Cooperative State**"). If such payments under the Notes are made in a Non-Cooperative State, a 75% withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French General Tax Code (*Code général des impôts*).

Furthermore, pursuant to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes are, *inter alia*, not deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of 30% or 75%.

Notwithstanding the foregoing, the Law provides that neither the 75% withholding nor the Deductibility Exclusion will apply in respect of the issue of the Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to official guidelines issued by the French tax authorities under the references BOI-INT-DG-20-50-20120912, no. 990, BOI-RPPM-RCM-30-10-20-50-20120912, no. 70, BOI-INT-DG-20-50-20120912 no. 550, BOI-ANNX-000366-20120912, no. 90 and BOI-ANNX-000364-20120912, no. 20, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes if such Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French Monetary and Financial Code or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (b) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (c) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French Monetary and Financial Code, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Pursuant to Article 9 of the 2013 French Finance Law (*loi n°2012-1509 du 29 décembre 2012 de finances pour 2013*) subject to certain limited exceptions, interest and similar income received from 1 January 2013 by French tax resident individuals are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and similar income paid to French tax resident individuals.

Luxembourg taxation

Luxembourg withholding tax

(i) Non-resident Noteholders

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005, as amended (the "**Savings Laws**"), there is no withholding tax on payments of principal, premium or interest made to non-resident Noteholders, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident Noteholders.

Under the Savings Laws implementing the Directive and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which are resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Savings Laws will be subject to a withholding tax of 35%.

(ii) Resident Noteholders

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10%. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (**FATCA**) impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or **FFI** (as defined by FATCA)) that does not become a **Participating FFI** by entering into an agreement with the U.S. Internal Revenue Service (**IRS**) to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States account" of the Participating FFI (a **Recalcitrant Holder**). The Issuer is classified as an FFI.

The new withholding regime will be phased in beginning 1 January 2014 for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "grandfathering date", which is the later of (a) 1 January 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterized as equity or

which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an **IGA**). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a **Reporting FI** not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being **FATCA Withholding**) from payments it makes (unless it has agreed to do so under the U.S. "qualified intermediary," "withholding foreign partnership," or "withholding foreign trust" regimes). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and France have announced an intention to enter into an agreement (a **US-France IGA**).

The Issuer expects to be treated as a Reporting FI pursuant to a US-France IGA and does not anticipate being obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that the Issuer will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

SUBSCRIPTION AND SALE

In the following section, the expression "Notes" will only include French Law Notes and the expression "Noteholders" includes any holder of French Law Note, except as otherwise specified.

Subject to the terms and on the conditions contained in a dealer agreement dated 3 May 2013 between the Issuer, the Arranger, the Fiscal Agent and the Permanent Dealer (the **Dealer Agreement**), the Notes will be offered by the Issuer to the Permanent Dealer. However, the Issuer will have the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by such Dealer. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe for Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

General

These selling restrictions may be modified by the Dealer Agreement and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

Pursuant to the Dealer Agreement, each Dealer has represented and agreed that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), the Permanent Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Base Prospectus, as completed by the Final Terms in relation thereto, to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to article 3 of the Prospectus Directive or supplement a prospectus pursuant to article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an **offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression "**Prospectus Directive**" means Directive 2003/71/EC of 4 November 2003 (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression **2010 PD Amending Directive** means Directive 2010/73/EU of 24 November 2010.

With regard to any German Law Notes, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of German Law Notes to the public in any relevant jurisdiction, except for offerings in compliance with all laws, regulations and directives applicable to the offering of the German Law Notes in the relevant jurisdiction which may differ from the laws, regulations and directives applicable to the offering of securities in such jurisdiction.

United States of America

The Notes have not been and will not be registered under the Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any State or jurisdiction of the United States and may not be offered or sold, directly or indirectly within the United States or to, or for the account or benefit of U.S. persons except pursuant to an exemption from, or in a transaction not subject to the registration requirements of the Securities Act. The Notes are being offered and sold outside the United States to non U.S. persons in reliance on Regulation S under the Securities Act ("**Regulation S**"). Terms used in this paragraph have the meanings given to them by Regulation S.

Materialised Notes having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

The Permanent Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes, (i) as part of their distribution at any time and (ii) otherwise until forty (40) days after the later of the commencement of the offering or the closing date, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells the Notes a confirmation or other notice setting forth the restrictions on offers and sales of Notes during the distribution compliance period, as defined in Regulation S under the Securities Act, within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until forty (40) days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Permanent Dealer reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.

United Kingdom

The Permanent Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that:

- (a) in relation to any Notes which have a maturity of less than one (1) year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended, the "FIEA") and the Permanent Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident in Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act No. 228 of 1949, as amended), or to others for re-offering or resale, directly or indirectly in Japan or to a resident in Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

France

Each of the Permanent Dealer and the Issuer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has not offered or sold and will not offer or sell, directly or indirectly, any Notes to the public in France and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, this Base Prospectus, the relevant Final Terms or any other offering material relating to the Notes and such offers, sales and distributions have been and will be made in France only to (a) providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*), and/or (b) qualified investors (*investisseurs qualifiés*), all as defined in, and in accordance with, articles L. 411-1, L. 411-2 and D. 411-1 of the French Monetary and Financial Code.

Italy

Each of the Issuer and the Permanent Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that this Base Prospectus has not been, nor will be, published in the Republic of Italy in connection with the offering of Notes and such offering of Notes has not been registered with the *Commissione Nazionale per le Società e la Borsa* ("**Consob**") in the Republic of Italy pursuant to Legislative Decree no. 58 of 24 February 1998 as amended (the "**Financial Services Act**") and to Consob Regulation no.

11971 of 14 May 1999, as amended (the "**Issuers Regulation**") and, accordingly, no Note may be offered, sold, transferred or delivered, and will not be offered, sold, transferred or delivered, directly or indirectly, in the Republic of Italy in an offer to the public, nor may, or will, copies of this Base Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy, except:

- (a) to qualified investors (*investitori qualificati*), as defined pursuant to article 100 of the Financial Services Act and article 34-ter, paragraph 1(b) of the Issuers Regulation; or
- (b) in other circumstances which are exempted from the rules on offers to the public pursuant to, and in compliance with, the conditions set out in article 100 of the Financial Services Act and its implementing regulations, including article 34-ter of the Issuers Regulation.

Moreover, and subject to the foregoing, each of the Permanent Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that any offer, sale, transfer or delivery of Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy under (a) or (b) above must, and will, be effected in accordance with all relevant Italian securities, tax and exchange control and other applicable laws and regulations and, in particular, will be made:

- (a) by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, Consob Regulation No. 16190 of 29 October 2007 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended; and
- (b) in compliance with any other notification requirement and/or limitation which may be, from time to time, imposed by Consob, the Bank of Italy and/or any other Italian authority.

Any investor purchasing the Notes in the offering is solely responsible for ensuring that any offer and resale of the Notes it purchased in the offering occurs in compliance with applicable Italian laws and regulations. Article 100-*bis* of the Financial Services Act affects the transferability of the Notes in the Republic of Italy to the extent that the Notes are placed solely with qualified investors and such Notes are then systematically resold to non-qualified investors on the secondary market at any time in the twelve (12) months following such placing. Should this occur without the publication of a prospectus pursuant to Prospectus Directive in the Republic of Italy or outside of the application of one of the exemptions referred to above, purchasers of Notes who are acting outside of the course of their business or profession are entitled, under certain conditions, to have such purchase declared void and to claim damages from any authorised intermediary at whose premises the Notes were purchased.

This Base Prospectus, the Final Terms or any other document relating to the Notes, and the information contained herein are intended only for the use of its recipients and are not to be distributed to any third-party resident or located in the Republic of Italy for any reason.

Germany

No Base Prospectus nor any prospectus within the meaning of the German Securities Prospectus Act (*Wertpapierprospektgesetz*) or the German Investment Product Act (*Vermögensanlagegesetz*) entered into force on 1 June 2012 has been, nor will be, published in Germany or filed with the German Federal Financial Services Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*) with regard to any Notes.

The Issuer assumes no responsibility and makes no representation regarding the suitability of Notes including, without limitation, German Law Notes as an investment product for any investor. In particular, the Issuer assumes no responsibility for the eligibility of any Notes as investment for any Noteholder domiciled in Germany and subject to particular regulatory requirements with regard to its investments, including, without limitation, insurance companies, pension funds, credit institutions and investment funds. Unless explicitly stated otherwise in the Conditions and/or the terms and conditions of the German Law Notes or the Final Terms, no reference therein to particular German law regulatory requirements implies or may be construed to imply any representation or warranty by the Issuer as to the suitability of the relevant Note for the Noteholder.
